## **Daily Lane Closures on IL 38 and IL 64 in Kane County**

**CHICAGO** – The Illinois Department of Transportation (IDOT) announced that daily, intermittent lane closures will take place on Lincoln Highway (Illinois 38) between Peck Road and County Line Road and Illinois 64 between Anderson Road and County Line Road, in Elburn, St. Charles, Virgil, Maple Park and Lily Lake, beginning, weather permitting, Monday, August 15. The closures are necessary for a project to widen shoulders and add rumble strips to enhance safety on sections of Illinois 38 and Illinois 64.

In order to complete the work, intermittent lane closures will occur at the following locations while construction activities are taking place:

- Lincoln Highway (Illinois 38) from Peck Road to County Line Road
- Illinois 64 from Anderson Road to County Line Road

The scope of the project consists of widening the shoulder and adding rumble strips to eastbound and westbound Illinois 38. Rumble strips will be added to the existing roadway on eastbound and westbound Illinois 64.

The project is expected to be completed in Fall 2016.

Motorists can expect delays and should allow extra time for trips through this area. Drivers are urged to pay close attention to flaggers and signs in the work zones, obey the posted speed limits and be on the alert for workers and equipment.
